Whew!, what a winter it's been. Our phones keep ringing 24 - 7. We never seem to have much time for skating (or sleep). But hey, we're not complaining. We guess that just means that you like our incredible selection of skate products (the biggest in the universe) at the guaranteed lowest prices. Look for our Team Paradise Exclusive t-shirts from Senate, 976, Roces and others that you wonít find anywhere else. If there's a product you don't see in the catalog, make sure to ask. Chances are we have it (some companies donít want us listing their products) or we will do our best to get it for you. We love making you happy and really appreciate all of the great fan mail you send us.

What a motley crew, huh? About half of the Team Paradise family. The rest are answering phones and packing boxes.

We've been working hard so we can continue to bring you the most innovative skate products available. It's not easy with all of the new companies popping up everyday. We're confident we have something for everyone. But that's not our only goal. We also strive to offer you the best customer service and the most friendly, knowledgable salespeople on the planet. We want to make sure it easy and enjoyable to purchase skate products from us.

That's why it's important that we're a skater owned company. We thoroughly test all of our products. We know what works and what doesn't. Our employees have regular skate outings and play on three employee hockey teams. Many companies use the expression "skater owned" as a marketing hook. We mean it. We've been involved in the in-line industry since the beginning, starting with our original location at the beach next to the Huntington Beach pier more than 10 years ago. That's why we'll be showing up in person at numerous skating events around the country this summer including NISS stops, ASA events, hockey tournaments, and USAC and NPC speedskating races. We'll be sponsoring hundreds of skaters and teams of all levels in every part of the country as well as across Europe, Asia, South America, Australia and anywhere else in-line skaters might live (if you, your club or team would like sponsorship, please call us and we'll send you an application). We want you to know that we're more than just a voice over the phone. We care about you and want to be part of your total skating experience. Please feel free to let us know what we can do to make ordering from us easier. We welcome your comments and suggestions. And be sure to check out our new web page at http://www.teamparadise.com. We think you'll really enjoy it.

Send Us Your Photos We want to know who you are and what you look like. And we may even include the photos in one of our upcoming catalogs or on our web page.

Our Low Price Guarantee If you find a lower, regularly advertised, in stock catalog price, we'll be happy to match the price. If you find the item in stock from another catalog at a lower price within 15 days after the date of purchase, we will issue you a credit for the difference towards a future order with us.

Remember, Customer Service Is Our #1 Priority If you have any problems or complaints, please give our Customer Service Department a call. Our Customer Service Specialists will make sure you are a happy, satisfied skater.

Our No Hassle Return Policy You can exchange or return any product as long as it has not been used and is new condition in it's original packaging, for a full refund less any shipping charges. Just call and ask for a Return Authorization Number. We cannot accept any returned merchandise without a Return Authorization Number on the outside of the package. All returned merchandise must be returned within 10 days of the day you receive your package. We cannot exchange or make refunds on videos if the video box has been opened. We suggest you wear your new skates and shoes on the carpet in your home before trying them outside. Customized items cannot be returned. We are sorry, but we cannot pay for return shipping charges on merchandise being returned or exchanged.

Ask About Our Team, Club And Group Discounts We Sell Only First Quality Products We do not sell seconds, blems, cosmetic defects or gray market merchandise. We stand by the manufacturer's warranty with every product we sell. We suggest that when you purchase skate products, you make sure you are buying them from an authorized dealer in order to avoid problems with manufacturer's warranty.

Ask The Blademan - Check Out Our Web Page Contact us with questions, comments or whatever advice you may need. Our web page at http://www.teamparadise.com is chock full of the latest skating information including new product updates, action photos, skate event information, news and more.

Remember To Skate Safe Always wear protective gear including a helmet, wristguards, knee pads and elbow pads. Make sure to respect the rules of the road. And most importantly, don't forget that we're all one people living in one world, so have fun and stay cool.

Prices Are Subject To Change Without Notice We'll always confirm our prices with you before finishing your order.

Proud to serve you.

For the non-caption reader, this sequence of Mr. Hardin is just another 360°. But to the more informed caption reader, this sequence of B Love will be something much more exciting. If you look closely, you will notice that not only is B in motion, but the chain and sign are as well. This is because B has purposely hit the sign with his foot in the midst of his 360°. This trick is called a Pre-Bonk.

What can we say. We've known Pierre and Don for years, since the old days at the HB pier when they'd attract huge crowds in front of our shop. Don was even a Team Paradise empoyee once. They make the best damn skate shoes, period! We won't hold it against them that they're skateboarders. But we could've sworn we saw Pierre Royale the blue beast when he thought nobody was watching? Could it be true?

CDs

We know how much you enjoy the wild skate videos we offer. All of the intense skating action goes into high gear when its cut together with the music from your favorite alternative bands. The only problem is you usually only get to hear one tune from each band on a video. Now, with our selection of CDs from the best alternative bands across the country, you can listen to great music without hogging the television.

slam! products

A. Juice Glove An aggressvie skater's best friend. Our favorite. It's what the pros, including A.J., "BK", and Kate Gengo, are wearing. Redesigned for '96. Features a new rough leather palm patch for added durability, top grain leather with reinforced double stitching, heavy duty padding and a baggy fit for sweet comfort. And of course, the classic Slam! patch logo. Receive a Free Slam! sticker with every pair. Sizes: S, M, L, XL **SLPGX01 $29.95**

B. Jackson Glove A new short-cut glove designed for pure palm protection and total non-restrictive wrist action. The Jackson is the perfect glove for the advanced street skater looking for manuverability and limited wrist protection. If you're confident and like hanging with the big boys, then this is the glove for you. Constructed of top grain leather with the clasic Slam! patch logo. So comfy! Receive a Free Slam! sticker with every pair. Sizes: S, M, L, XL **SLPGX02 $24.95**

TECNICA®

Advanced Thinking On Your Feet. The company known worldwide for its superior knowledge of fit and technology in its ski boots has used its extensive research into innovative materials and biomechanics to develop what may be the most advanced in-line skates available. The entire line of Technica skates incorporates the following:

• **Anti-Vibration System (AVS) Technology** Originally developed for its ski racing boots, it reduces fatigue and and enhances comfort and control. This successful system is the first full suspension technology adapted for in-line skates. Sandwiched between the top of the frame and bottom of the carbon reinforced boot sole, the AVS Polymeric Modified Monomer material compresses and absorbs vibrations before they enter the boot. The AVS is supported on the rear of the skate with a Floating Sole Plate which has specific deflection characteristics to accomodate a wide range of compression and vibration frequencies. It also features a Chassis Adapter, constructed of aircraft quality aluminum, which allows the frame to be displaced vertically while controlling motion in all other directions. The adapter is slotted to allow for frame alignment.

• **Carbon Core** A Modified Polymer stiffening platform molded into the lower portion of the shell. This makes the sole very rigid and resistant to torque, both of which are essential for comfort and control. It also allows the removal of materials from the upper portion of the shell to enhance breathability and ventilation without sacrificing support, comfort or performance.

• **FIT System** A super comfortable, open cell foam liner with a self adjusting tongue that aligns perfectly with the tibia for superior comfort and fit. It allows the tongue to travel the tibia during ankle flex which eliminates pressure points and tongue bite (not available on the CT 1).

• **Elite Bearing Spacers** A new spacer system, which when used in conjuction with Technica's super tough 8mm Alloy Axles, keep the axles in perfect alignment with the bearings for a optimum performance.

• **Kryptonics Optic Wheels** These new wheels combine greater abrasion resistance and resilience than ever before. They also feature the extremely strong yet lightweight Rev Core, which maximizes velocity and minimizes deflection for a smooth, fast ride.

• **ABEC 5 Bearings** These removable shield bearings provide ultimate precision and speed.

CT 7 Features a lightweight ventilated shell, three one-touch alloy buckles, integral power strap, instep retention band and power strap. Men's full and half sizes 6-13 **TESKR01 $399.99**

CT 5 Features a lightweight ventilated shell, one one-touch alloy buckle, self-locking speed lacing system, instep retention system and powerstrap. Men's full and half sizes 6-13 **TESKR02 $369.99**

CT 1 Features a lightweight ventilated shell, three polycarbonate buckles, instep retention system and a fixed tongue. Men's full and half sizes 6-13 **TESKR03** and Women's full and half sizes 6-9 **TESKR04 $329.99**

Thorlo

Thorlo "cracks the code" for comfort. Thorlo is not an ordinary sock. Thorlo scientists have studied the activity demands placed on the foot during skating. Thorlo's design discipline, based on science, enables only Thorlo today to guarantee you a positive foot sensation for each sports activity. Most people's feet increase by as much as a half size during a workout. Thorlo actually adjusts to the swelling of your feet while skating. Thorlo products have a unique, patented design which protects the bony pressure points with extra terry padding and fills in the spaces between your skate and foot to reduce friction, while helping to deliver a perfect fit. In fact, if your feet don't feel better within 30 days, you can return your Thorlo product for a full refund.

In-Line Skate Great for the recreational skater. A mid-calf design featuring high density padding in the ball, heel and Achilles tendon areas, and medium density padding on the front panel and the instep to help reduce boot pressure. Constructed of 84% Foot Health yarn to reduce moisture and 14% stretch nylon and 2% spandex. **SH10010 $9.95 pr, $26.50/3pr**

Pro Skater A mid-calf, thinner, lighter weight design for competitive skaters. Medium density padding at all pressure points with spandex over the instep and arch to allow for a better fit. Coolmax for coolness comfort. Constructed of 70% four-channel wicking polyester, 17% stretch nylon, 9% olefin and 4% Spandex. **SH10011 $10.95 pr, $28.95/3pr**

Bont From Australia

Sara Bont has personally trained the Team Paradise staff on the proper fitting and expert molding of her world famous boots. When you purchase your Bont boots from Team Paradise, we will instruct you on how to make sure your boots fit you for the highest caliber performance and the perfect, most comfortable fit.

All Bont boots are made with Thermo plastic and are heat moldable. They are available in Australian sizes 28-48. Please be aware that Bont boots have their own sizing configuration and do not conform to any other sizing system. If you're not sure of your exact size, we recommend that you send us a tracing of your foot, please no faxes. Call us for details. Custom-fitted Bont boots are also available for an extra charge.

A. Sharkie A high performance boot at a budget price. Black fiberglass base. The best craftsmanship with affordable materials. Recommended for growing youngsters. Leather colors may be different than pictured!
BNBT0100 $209.99

B. Hustler New and improved for '96. Still the classic and our favorite. Full-grain leather with a Kevlar and fiberglass base for support, a molded tongue and achilles tendon pillow for superior comfort and protection around the large and small ankle bones. Leather and pillow colors may be different than pictured.

The Official Boot Of Team Paradise

Mike Miller, known for designing the highest performance custom speedskating boots for the world's elite skaters, has finally, after years of testing, designed two new revolutionary boots. Miller boots are the only speedskating boots designed using a patented, statistically derived database of hundreds of thousands of laser scanned feet. They mimic the actual shape of the human foot. Each boot is hand crafted from the finest leathers, contain no fiberglass, and use only carbon fiber, Kevlar and special epoxy resins, so you can heat mold each boot for a precise, comfortable fit.

Short Track Indoor Features a single piece, seamless "California Gold" liner, articulated tongue, heat moldable kevlar and carbon fiber shell, anti-pronation support, the exclusive Miller Heel-Loc, 10mm toe rise, "achilles relief" cuff and imbedded aluminum three-hole mounting blocks. Full and half sizes 5 - 12 **MIBT0100 $499.99** With optional lace cover **MIBT0130 $599.99.**

Criterium Outdoor Features a single piece, seamless "Mocha" suede liner, articulated tongue, low-cut ankle support, heat moldable kevlar and fiber shell, anti-pronation support, the exclusive Miller Heel-Loc, 10mm toe rise, "achilles relief" cuff and imbedded aluminum three-hole mounting blocks with forged threads. Full and half sizes 5-12 **MIBT0160 $499.99** With optional lace cover **MIBT1090 $599.99**

Laser Custom The boot used by more world class skaters than any other boot. Built to the exact specifications of your foot. Requires your foot to be casted by Mike Miller who will be at a number of NPC and USAC races throughout the year. Please give us a call for his schedule. **MIBT0220 $895.99**

Simmons Racing Boots Put your feet first and the competion last with these fully heat-moldable, super-light, carbon fiber, leather boots. Handmade, inspected and handsigned by David Simmons. Foot tracings and custom fitting available for an extra charge. Men's full and half sizes 4-13. Typhoon low-cut **RC10035** or Twister high-cut models **RC10036 $489.99**
